hae day :-) frequently asked questions

Q: When is the hae day :-)?

A: The **hae day :-)** is 16 May 2019. However, awareness and fundraising activities will take place during the weeks leading up to the **hae day :-)**

Q: Why is the hae day :-) necessary?

A: HAE is a potentially life-threatening and can be an incredibly debilitating disease. Global awareness initiatives such as the **hae day :-)** are necessary in order to raise awareness of HAE across the world, to help ensure each and every patient receives faster diagnosis and the care they deserve to enable them to lead a healthy life.

Q: How can I participate in the hae day :-)?

A: Please refer to the document “Getting involved...” for suggested awareness and fundraising activities for Member Organizations and their partners.

Q: How can my organization become a member of HAEi?

A: For more information on becoming a member of HAEi, please contact Mr. Henrik Balle Boysen, Executive Vice President & Chief Operating Officer of HAEi, at h.boysen@haei.org.

Q: Will there be a hae day :-) every year?

A: 16 May 2012 marked the first global **hae day :-)** and since then HAEi has been conducting a global **hae day :-)** on an annual basis.

Q: What is going to take place internationally in 2019?

A: The 2019 **hae day :-)** coincides with patients, relatives, caregivers, and people from the industry walking part of the ancient *Camino Inglés* pilgrimage route in northwestern Spain.
